

WRENDD CHILDREN'S HOME,
PO BOX 55650 - 00200,
NAIROBI.

21st NOVEMBER 2013

Dear Sir/Madam

My name is Susan Wairimu. I am fourteen years old. I completed my class eight this year. I came here back in the year two thousand and two.

The reason I came to this school is that, after I was born, my father died and I was left under the care of my sick and unable father. Two months later, my father died and I was left under the care of my grandmother. Because we were four in the family, she was unable to give us all the basic needs.

She did not take us to school neither did she give us care and protection. Sometimes we could sleep hungry for she had no work so as to earn a living.

I would like you to support me with education because, first I completed my primary education, I would like you to support me by finding a sponsor for me who will pay my school fees and cater for my need in high school like shopping and the required books and other school needs because we are many who completed class eight and the father of the home will be unable to pay for all of us.

I would also like you to provide me with the other basic needs like clothing and food.

Yours sincerely
Susan Wairimu
