Dear Sir/Madam

My name is Euditor Njoki - I am 13 years
I am in class seven heading to class eight - I came
here on 23rd January 2013 - The reason that made
me come here is because my father died and I
was living with my mother is a widow and a
house wife and is incapacitated and could not
provide for us basic needs.

I would like to be supported with basic
needs especially education to achieve my goal
and have a better job.

Yours faithful
Euditor Njoki -
