DEAR SIR/MADAM,

My name is Lydia Wambui. I am thirteen years old. I have completed my eight-year course this year. I came here in 2003.

The reason why I came here is because my mother and father passed away when I was very young. I was left under the care of my grandmother who was very sick and was unable to provide for me my basic needs such as food, clothing and education. She did not have any other source of income to provide for me. She had only a small piece of land which she could only plant maize.

The support I need is clothing, food and education, mostly education because I am going to form one next year and I want to be educated until university. I also want clothing because some of our clothes are torn. I want to be a teacher to teach other children in the world like me.

Yours faithfully

Lydia Wambui.
